

LAKESIDE MEDICAL GROUP - SPECIALIST ENCOUNTER NOTE

Patient: Miller, Susan E. **Date of Service:** 2024-06-29 **Rendering Provider:** Dr. David Rodriguez, MD, Orthopedics (NPI: 4433221100)

CHIEF COMPLAINT: Persistent left shoulder pain.

HISTORY: Patient is a 36-year-old female, referred from her primary care physician for ongoing left shoulder pain that has not improved with conservative measures. The pain is described as sharp and is localized over the rotator cuff, aggravated by overhead movements.

ASSESSMENT:

1. **Clinical diagnosis of left rotator cuff syndrome.**

PLAN:

1. The patient was evaluated and managed today as a specialist consultation.
2. To provide therapeutic relief, an **injection of a corticosteroid agent** was administered into the subacromial space.
3. Patient advised to begin a course of physical therapy.
4. Follow up in 4 weeks for re-evaluation.
5. **Prior Authorization for the injection was not obtained prior to the procedure.**

SERVICES & CHARGES:

- Specialist Office Visit, New Patient: \$280.00
- Therapeutic Injection, shoulder joint: \$150.00
- TOTAL: \$430.00

Service Location: 200 Health Drive, Riverdale, IL, 62705
